

CERTIFICATE OF ACCREDITATION

Korea Testing Laboratory

Accreditation No. : KPC013

Corporation Registration No. : 254371-0012187

Address of Product Certification Body : 87, Digital-ro 26-gil, Guro-gu, Seoul, Republic of Korea

Date of Initial Accreditation : August 12, 2010

Validity of Accreditation : September 27, 2022 ~ September 26, 2026

Type of Certification : Product

Scope of Accreditation : Attached Annex

Date of issue : August 11, 2023

This Product Certification Body is accredited in accordance with the recognized International Standard ISO/IEC 17065: 2012. This accreditation demonstrates technical competence for a defined scope and the operation of a certification body quality management system (refer to Joint ISO-ILAC-IAF Communiqué).

Korea Laboratory Accreditation Scheme

Korea Laboratory Accreditation Scheme

No. KPC013

○ Field and Scope of Accreditation (V-check Mark)

• Division: 03. Manufacturing

- Certification Mark: 

Group	Products	Category of product	Standard	Scheme type
03.040 Manufacture of electronic components	Switches for electrical equipment	Switches for electrical equipment (limited to those with a rated voltage of 480 V or less and a rated current of 30 A or less)	Switches for appliances Part 1: General requirements [KC 61058-1]	Scheme type 3, Scheme type 5
		Switches for electrical equipment [Limited to those with a rated voltage of 440 V or less and a rated current of 63 A (the rated current of switches with screwless terminals is 16 A)]	Switches for fixed electrical installations of residential and similar use - Part 1: General requirements [KC 60669-1]	
		Cord switch (Switches connected to the cord wire, limited to 250V or less, 16A or less)	Switches for appliances Part 1: General requirements [KC 61058-1] Switches for appliances Part 2-1: Particular requirements for cord switches [KC 61058-2-1]	
		Electronic switch (limited to rated voltage 250V or less, rated current 16A or less)	Switches for fixed electrical installations of residential and similar use - Part 1: General requirements [KC 60669-1] Switches for fixed electrical installations for household and similar purposes - Part 2-1: Individual requirements for electronic switches [KC 60669-2-1]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Remote control switch (limited to those with a rated voltage of 440 V or less and a rated current of 63 A or less)	Switches for fixed electrical installations of residential and similar use - Part 1: General requirements [KC 60669-1] Switches for fixed electrical installations for household and similar purposes Part 2: Individual requirements Section 2: Remote control switch (R.C.S) [KC 60669-2-2]	
		Time delay switch (limited to those with a rated voltage of 440 V or less and a rated current of 63 A or less)	Switches for fixed electrical installations of residential and similar use - Part 1: General requirements [KC 60669-1] Switches for fixed electrical installations for household and similar purposes Part 2-3: Individual requirements for delay switches [KC 60669-2-3]	
		Dimmer (Rated voltage 250V or less, rated current 16A or less)	Switches for fixed electrical installations of residential and similar use - Part 1: General requirements [KC 60669-1] Switches for fixed electrical installations for household and similar purposes - Part 2-1: Individual requirements for electronic switches [KC 60669-2-1]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Switches for control circuits (limited to those with a rated voltage of 480 V or less and a rated current of 30 A or less)	Overcurrent protection circuit breakers used in household and similar equipment: AC breaker [K 60947-1] Low-voltage switchgear and control devices - Part 5-1: Control circuit elements and switching elements - Electromechanical control circuit elements [KC 60947-5-1]	
		Electronic switches (limited to those with a rated current of 300 A or less)	Low voltage switchgear and controls - Part 2: Circuit breakers [KC 60947-2] Low Voltage Switchgears and Controls Section 4-1: Contactors and Motor Starters - Electronic Contactors and Motor Starters [KC 60947-4-1] Electromechanical contacts for household and similar applications [K 61095]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
	Power Capacitors and Power Filters	X / Y capacitors (limited to those where the voltage between the conductors is less than 500 V, or the voltage between the conductor and the ground is less than 250 V or the resistor is combined with the resistor and the series resistance value of the equivalent circuit is less than 1 k OMEGA)	Fixed capacitors for use in electronic equipment Part 1: Item Specification [KC 60384-1] Fixed capacitors for use in electronic equipment - Part 14: Capacitors for suppressing electromagnetism and for connecting mains [KC 60384-14]	
		Power supply filter for radio wave interference suppression (limited to 500V nominal voltage between conductors or nominal voltage between conductor and ground is 250V or less)	Filter element for preventing electromagnetic interference Part 1: Specification [KC 60939-1] Filter elements for preventing electromagnetic interference Part 2: Specification of varieties - Selection and general selection of test methods [KC 60939-2]	
		Fluorescent lamps (limited to fluorescent lamps with a capacity of 0.1 μ F or more and reactive power of 2.5 kvar or less)	Lamp Assistants Capacitors for Fluorescent Lamps and Discharge Lamps - General and Safety [KC 61048] Capacitors used in fluorescent lamps and discharge lamp circuits - Performance requirements [KC 61049]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
	Accessories and fittings for electrical equipment	Connecting device for electrical equipment (including power distributor)	Couplers for household and similar appliances - Part 1: General requirements [KC 60320-1] Safety of Audio / Video Equipment and Similar Electrical Equipment [KC 60065]	
		Interconnection couplers (limited to those having a rated voltage of 250 V or less, with a rated current of 16 A or less, or without an earthing pole, for connecting electrical equipment or other electrical equipment and power cords)	Couplers for household and similar appliances - Part 1: General requirements [KC 60320-1] Couplers for household and similar appliances - Part 2-1: Sewing machine coupler [KC 60320-2-1] Couplers for household and similar appliances - Part 2: Interconnection couplers for domestic and similar installations [K 60320-2-2] Couplers for household and similar applica- tions - Part 2-3: Couplers for appliances with protection class IPX0 or higher [KC 60320-2-3]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Plugs and outlets [AC plugs and plugs or portable plugs with a grounding pin with a rated current of 32 A (rated current of a screwless terminal-outlet) of 20 A or less, or those not used for indoor or outdoor use do]	<p>Plugs and receptacles for household and similar purposes Part 1: General requirements [KC 60884-1]</p> <p>Plugs and receptacles for household and similar purposes Part 2-1: Particular requirements for fused plugs [KC 60884-2-1]</p> <p>Plugs and receptacles for household and similar purposes Part 2-2: Particular requirements for appliance outlets [KC 60884-2-2]</p> <p>Plugs and receptacles for household and similar purposes - Part 2-3: Particular requirements for switched-type outlets without interlock for fixed wiring [KC 60884-2-3]</p> <p>Plugs and receptacles for household and similar purposes Part 2-4: Separate requirements for SELV plugs and outlets [KC 60884-2-4]</p> <p>Plugs and receptacles for household and similar purposes Part 2-5: Particular requirements for adapters [KC 60884-2-5]</p>	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
			Plugs and receptacles for household and similar purposes Part 2-6: Particular requirements for interlock switchgear for fixed wiring [KC 60884-2-6] Standby power cut-off outlet [K 10026]	
		Cable reel (single-phase rated voltage 250V Rated current 16A or less, three-phase rated voltage 440V Rated current 16A or less)	Electrical accessories - Cable reels for household and similar purposes [KC 61242]	
	Electrical Goods Protective parts	Fuses (limited to those with a small fuse whose rated current is 20mA or more and 10A or less)	Small fuses: Definition of small fuses and general requirements for small fuse links [KC 60127-1] Small fuses - Part 2: Fuse links [KC 60127-2] Small fuses - Part 3: Small fuse links [KC 60127-3] Small fuses - Part 4: Universal module fuse links [KC 60127-4] Small fuses - Part 6: Fuse holders for small fuse links [KC 60127-6]	
		Thermal fuses (limited to those with an operating temperature higher than 80 °C and lower than 280 °C)	Thermal fuse - requirements and application instructions [KC 60691]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Circuit breakers for protection of equipment (limited to those with a rated current of 125 A or less)	Device Protection Circuit Breaker (CBE) [KC 60394]	
		Circuit breakers for wiring (limited to 300A or less rated current)	Overcurrent protection circuit breakers for household and similar appliances [KC 60898-1] Overcurrent protection circuit breakers used in household and similar equipment: AC breaker [KC 60947-1] Low voltage switchgear and controls - Part 2: Circuit breakers [KC 60947-2]	
		Earth leakage breaker (limited to those with rated current less than 300A, only for earth leakage protection, earth leakage, overload protection, short-circuit protection)	Circuit breaker (RCBO) with overcurrent protection for household and similar purposes - Part 1: General requirements [K 61009-1]	
03.043 Manufacture of electronic video and audio equipment	Audio, video and appliances	Television receiver	Safety of audio, video and similar electronic equipment [KC 60065]	
		Electronic board with built-in television	Safety of audio, video and similar electronic equipment [KC 60065]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Television embedded electronic table	Safety of audio, video and similar electronic equipment [KC 60065]	
		Disc player	Safety of audio, video and similar electronic equipment [KC 60065]	
		Audio system	Safety of audio, video and similar electronic equipment [KC 60065]	
		Electronic musical instrument	Safety of audio, video and similar electronic equipment [KC 60065]	
		Audio processor (including audio mixer)	Safety of audio, video and similar electronic equipment [KC 60065]	
		Image processor	Safety of audio, video and similar electronic equipment [KC 60065]	
		Video camera	Safety of audio, video and similar electronic equipment [KC 60065]	
		Tuner	Safety of audio, video and similar electronic equipment [KC 60065]	
		Radio receiver	Safety of audio, video and similar electronic equipment [KC 60065]	
		receiver	Safety of audio, video and similar electronic equipment [KC 60065]	
		Voice recorder	Safety of audio, video and similar electronic equipment [KC 60065]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		Voice Player	Safety of audio, video and similar electronic equipment [KC 60065]	
		Satellite broadcast receiver	Safety of audio, video and similar electronic equipment [KC 60065]	
		Video phone	Safety of audio, video and similar electronic equipment [KC 60065]	
		Tone control	Safety of audio, video and similar electronic equipment [KC 60065]	
		AD / DA conversion device	Safety of audio, video and similar electronic equipment [KC 60065]	
		Compressor gate	Safety of audio, video and similar electronic equipment [KC 60065]	
		Electronic watch	Safety of audio, video and similar electronic equipment [KC 60065]	
		CCTV camera	Safety of audio, video and similar electronic equipment [KC 60065]	
		Video receiver and transducer	Safety of audio, video and similar electronic equipment [KC 60065]	
		Video recorder	Safety of audio, video and similar electronic equipment [KC 60065]	
		A / V signal receiver	Safety of audio, video and similar electronic equipment [KC 60065]	

Korea Laboratory Accreditation Scheme

No. KPC013

Group	Products	Category of product	Standard	Scheme type
		CATV broadcast receiver	Safety of audio, video and similar electronic equipment [KC 60065]	
		turntable	Safety of audio, video and similar electronic equipment [KC 60065]	
		Modulator	Safety of audio, video and similar electronic equipment [KC 60065]	
		A video game apparatus (used only when connected to a television receiver or having a cathode ray tube, a liquid crystal display, or a plasma display apparatus)	Safety of audio, video and similar electronic equipment [KC 60065]	
		Audio and Video Learning	Safety of audio, video and similar electronic equipment [KC 60065]	
		Amplifier	Safety of audio, video and similar electronic equipment [KC 60065]	
		Built-in amplifier	Safety of audio, video and similar electronic equipment [KC 60065]	
		Editors (audio, audio or video editing devices)	Safety of audio, video and similar electronic equipment [KC 60065]	
		Voice and video distributor	Safety of audio, video and similar electronic equipment [KC 60065]	
		Image transmitter	Safety of audio, video and similar electronic equipment [KC 60065]	

Korea Laboratory Accreditation Scheme
